

PA WORKERS' COMPENSATION CHANGE LOG

Publish Date	Implementation Date	Document Updated	Description of Change	Change Needed in Trading Partner System (Yes or No)
December 2023	6/28/24	EDI Error Code Description, PA Element Requirement Table, PA Event table	BWC is now requiring the Claim Admin Claim Rep's email address. Additionally, correcting a typo on the Event table.	Yes
March 2022	9/30/22	PA Element Requirement Table, PA R3 Edit Matrix, Pa Implementation Guide	Additional edits on claimant name (no special characters other than apostrophe and dash to be allowed and also no numbers). Additionally, we will no longer allow a FROI or SROI 02 to amend the SSN	Yes
Sept 2021	1/7/22	PA R3 Edit Matrix, PA EDI Claims Implementation Guide, Claim Status Reference Sheet, Claims Scenarios for PA, and Common Flow of a Claim Guide	The LIBC-90 will now be returned within the Ack's PDF zip file. Note that the file size of the Ack may be larger due to the increased amount of forms being returned but there is no change to the formatting.	No
Jan 2021	N/A	Relaxed Rules, Element Requirement Table, Implementation Guide, Event Table, Edit Matrix, & Quick Reference Guide	As per IA change to the name of the UR transaction, we've always used it for Update Report so we're changing the name on multiple documents to be clear. Additionally, there have been requests to update the ERT to remove IA and replace with either AR or AA.	No
June 2020	Jan 2021	Edit Matrix & Data Element Requirement Table	Effective Jan 2021- ATC W shouldn't be sent on SROI IP/EP/AP/ PY/ PD/02 if AOD is present without LSSC.	Yes
February 2020	N/A	EDI Error Code Description, EDI Quick Reference Guide for Attorneys, Data Element Table, Implementation Guide, Event Table, Edit Matrix, Relaxed Rules Document, Claim Status Reference Sheet	Added clarification to help claim administrators prevent rejections on current PA coding. Although we aren't updating our coding, we recommend filers review the highlighted updates to our documentation.	No

PA WORKERS' COMPENSATION CHANGE LOG

June 2019	N/A	Implementation Guide & Event Table	NCP and Agreement have additional language for added clarification	No
April 2019	Fall 2019	Edit Matrix & Data Element Requirement Table	Date validations for Date of Death, Date of Birth, and Date of Injury in Population Restrictions table. ERT mandatory conditions added for Date of Death.	
January 2019	N/A and 6/28/2019	Event table & PA Implementation Guide	SROI CB for Impairment Rating is replaced as an option post Protz. Also, additional information on valid FEIN formatting (for upcoming edits 6/28/19) was added to IG.	January 2019
May 2018	October 2018	PA Implementation Guide, Transaction Partner Testing Requirements, & LIBC-152 (Transmission Profile)	Batch Time Changes. Went from 9, 1, 6, Midnight to 9, 2, 7, Midnight	Yes
August 2018	Immediate	PA Implementation Guide	Added language regarding ongoing maintenance of acceptance and rejection rates	Not at present
January 2017	July 2018	PA Implementation Guide	Updated language to show that the Employer FEIN and Insurer FEIN must match when employer is Self-Insured. (pg 13)	Yes
January 2017	March 2018	PA Implementation Guide	<p>1. New TA language in March 2018 for FROI AQ where Employer and/or Insurer FEINs don't match previously reported data. (pg 13)</p> <p>Added language for existing coding for SROI 02 where data previously entered was not changed. (pg 17)</p>	No
January 2017	July 2018	PA R3 Edit Matrix	Added Population Restriction. Employer FEIN (DN0016) must match Insurer FEIN (DN0006) if the Employer is Self-Insured. Note that we already have edit that Insurer FEIN (DN0006) must match Employer FEIN (DN0016) when Insurer is Self-Insured.	Yes

PA WORKERS' COMPENSATION CHANGE LOG

January 2017	March 2018	EDI Error Code Description	Updated error message when transaction fails due to technical issue. Error already occurring but clarifying language to avoid confusion.	No
January 2017	March 2018	Claim Status Reference Sheet	New PY scenario. If claim was originally Comp Denied and then Closed and adjuster wishes to file a medical only form then PY will accept, make the claim Medical Only, and generate either the NCP or NTCP.	No
