Definitions
**American Job Center® Network, or AJC,** is the common identifier to be used by each one-stop delivery center as required by WIOA, and is to be used alongside the PA CareerLink® brand. It is a unifying name and brand that identifies online and in-person workforce development services as part of a single network.

**Brand** is a design, symbol, words or a combination of these, employed in creating an image that identifies a product and differentiates it from its competitors. This image then becomes associated with a level of credibility, quality and service to the public over time.

**L&I** is the Pennsylvania Department of Labor & Industry, which has been designated by the governor to serve as the state administrative entity/state workforce agency.
*Pennsylvania CareerLink*/PA CareerLink® is the registered trademark name for Pennsylvania’s one-stop service delivery system and its local centers/sites/network.

**Procedures**
The Pennsylvania Department of Labor & Industry, or L&I, has developed a style guide that contains requirements and specifications for using the PA CareerLink® and AJC names and logos for print and web files. *Attachment A* of this policy contains a portion of L&I’s style guide. Local systems must adhere to the prescribed style guide at *Attachment A*, the condition of use and specifications as outlined in this policy and the approval process described in *Attachment B*.

L&I is engaged in the trademark application process for the PA CareerLink® logo. During the application process, the following requirements apply:

- The PA CareerLink® logo may be used on signage, brochures and other marketing materials; however, a service mark in superscript (SM) must be used in conjunction with the logo. L&I will provide updated policy and guidance when the process is completed and the service mark is no longer required.
- The commonwealth has trademarked the name Pennsylvania CareerLink®, which may also be expressed as PA CareerLink®. Therefore, the registered trademark symbol must accompany the name in all instances of use.

*Note:* L&I requires that logo templates for outsourced print jobs, including signage, be requested through L&I following the procedures prescribed in *Attachment B*.

The workforce delivery system outreach and branding is a shared state and local workforce development board responsibility.

- As of Nov. 17, 2016, each one-stop delivery system was required to include the “American Job Center®” identifier or the tag line “A proud partner of the American Job Center network” on all primary electronic resources used by the one-stop delivery system, and on any newly printed, purchased or created materials. Local boards should take steps to ensure all comprehensive PA CareerLink® sites, affiliates and specialized centers incorporate the AJC identifier.

*Note:* Local workforce development boards may continue using existing materials created before Nov. 17, 2016 and without the AJC identifier until supplies are exhausted.

- As of July 1, 2017, local boards were required to use the new PA CareerLink® logo along with the AJC identifier on all products, programs, activities, services, electronic resources, facilities and related property and materials. Usage of the AJC common identifier must be consistent with USDOL Employment and Training Administration’s Training and Employment Guidance Letter (TEGL) No. 36-11, *Announcement of American Job Center® Network*, and with the logos’ terms of use.

*Note:* Signage outside and inside all comprehensive and affiliate PA CareerLink® sites and specialized centers will reflect PA CareerLink® and AJC branding. No single partner or other tenants’ signage will be combined or incorporated on PA CareerLink® signage. Any advertising using the trademarked name not covered in the guidance document must be approved by L&I.

Policy History

A key Workforce Innovation and Opportunity Act, or WIOA, focus is to raise awareness of resources available to the public by visually identifying in-person and virtual employment resources under a single, recognizable identity – the American Job Center Network. WIOA requires each one-stop delivery system to include the identifier, “American Job Center®,” in addition to any locally or state-developed identifier. “American Job Center®” is a unifying brand identifying states’ workforce development service systems as part of a single, national network. The one-stop delivery system must use either the common identifier “American Job Center®” or the tagline “A proud partner of the American Job Center Network.” The commonwealth will use the rebranded “PA CareerLink®” logo to identify its one-stop service delivery system.

Public Comment

The original policy was posted for public comment on March 23, 2017. L&I received several comments regarding the proper naming convention for Pennsylvania/PA CareerLink®, as well as comments and questions regarding logo usage and specifications. The attached Attachment A: Style Guide for the implementation of the American Job Center® Identifier & PA CareerLink® Rebranding provides further clarification and addresses those questions; therefore, no epilogue is included with this policy.
