NOTE: Please make all checks payable to "Dept. of Labor & Industry" (US Funds Only)
Mail to: Dept. of Labor & Industry, Bedding & Upholstery Section, Room 1619,
7th & Forster Streets, Harrisburg, PA USA 17120-0019

Section A

The Department has permitted importers to hold Bedding & Upholstery registration on behalf of foreign manufacturers. However, the Department does not permit an importer to hold a single registration while importing from multiple foreign manufacturers under the single registration. Pennsylvania requires each manufacturer to be separately registered with the Department.

The following options for registration are available to foreign manufacturers:

1. The manufacturer may register directly with the Department at the foreign manufacturer's location. This is identical to the requirement for domestic manufacturers, or
2. An importer may hold a Bedding & Upholstery registration on behalf of each foreign manufacturer represented. Please note that the importer is required to hold a separate registration for each foreign manufacturer represented. The Department does not permit "pooling" of registrations.

When an importer holds the registration on behalf of the foreign manufacturer, the Registration Certificate will show the name of both the importer and the foreign manufacturer.

Section B

Two liquid sprays have been approved by the Industrial Board. They are "MICROBAN X-580 with Tracer" and "STERI-FAB". If you intend to employ another method of disinfecting or sterilization (Section 47.27 of the Regulations), you must contact this office for further information.
